

## Capture POS Opportunities with the Allied iQQ<sup>®</sup> Connector

The Allied iQQ connector provides access to Allied's cutting-edge online quoting software, iQQ<sup>®</sup>, directly within the Temenos Loan Origination module. The connector allows loan origination customers to present and cross-sell GAP and MBP options..

### Key Features

#### Simple and Seamless Processing

Presented within a new Allied iQQ<sup>®</sup> workflow step, this connector seamlessly displays all the requirements for quoting, accepting and fulfilling Allied's Mechanical Breakdown Protection (MBP) and Guaranteed Asset Protection (GAP) within the platform.

#### Real-Time Interface

A powerful, real-time interface eliminates the need to launch Allied iQQ<sup>®</sup> in a separate window for individual transactions. All functionality needed to create, update and issue Allied point-of-sale products can be found directly within the system.

#### Track and Monitor Performance

Reports and analytics can provide visibility of how often loan officers are informing applicants about available point-of-sale products, as well as measure overall opportunities and success rates.

### Benefits

#### Increase Your Bottom Line

The Allied iQQ<sup>®</sup> connector ensures GAP and MBP are discussed with each new loan applicant, increasing efficiency and the likelihood of a successful sale.

#### Eliminate the Need for Multiple Programs

Eliminate time spent maneuvering between multiple screens and programs. All tools needed to quote, accept and fulfill MBP and GAP are available within one centralized system.

#### Reduce Redundant Data Entry

Existing borrower, collateral and loan information is automatically transmitted between the module and Allied iQQ<sup>®</sup>, greatly reducing the amount of manual data entry required.

### More Information

#### System Requirements

Version 10.24 or higher must be installed in order to utilize the Allied iQQ<sup>®</sup> connector.

#### Provider Highlight

Allied Solutions is one of the largest independently operated providers of insurance, lending, and marketing products and services to more than 4,000 financial institutions nationwide. Our philosophy is simple...we focus on delivering proven innovative product and service solutions designed to meet the needs of financial institutions and exceptional customer service that is supported by comprehensive training programs. We have the products you need and the experience to make them work. There are a lot of companies out there offering financial services...but only one with the focus and service commitment of Allied Solutions.
