Low leverage provides flexibility to support strategic objectives
Bank debt refinancing and bond issue in March 2013 to take advantage of favourable market conditions and lock in low cost, long term financing

**CHF 100m senior unsecured bond – 2.75% coupon, matures July 2017**
First ever public debt issuance
Oversubscribed - evidencing capital market confidence in Temenos
Starts trading on 25 April 2013

**USD 350m banking facilities – mature in March 2017**
USD 100m term loan and a revolving credit facility of USD 250m
Same five large financial institutions as the previous facilities
Interest rate of LIBOR plus 1.5% to 2.8% depending on level of leverage

Low-cost, long-term & flexible financing in place to support strategy
Non-IFRS revenue growth of 4.5% to 7.5% (implying revenue of USD 469m to USD 482m)*

Licence growth of 5% to 10% (implying licence revenue of USD 131m to USD 137m)*

Non-IFRS cost base of USD 368m reaffirmed with non-IFRS EBIT margin of 21.7% to 23.2% (implying non-IFRS EBIT of USD 102m to USD 112m)*

100%+ conversion of EBITDA into operating cashflow

Definition of Non-IFRS adjustments

Deferred revenue write-down
Adjustments made resulting from acquisitions

Discontinued activities
Discontinued operations at Temenos that do not qualify as such under IFRS

Acquisition related charges
Relates mainly to advisory fees and integration costs

Amortisation of acquired intangibles
Amortisation charges as a result of acquired intangible assets

Restructuring
Costs incurred in connection with a restructuring plan implemented and controlled by management
Severance charges, for example, would only qualify under this expense category if incurred as part of a company-wide restructuring plan

Taxation
Adjustments made to reflect the associated tax charge relating to the above items
