TEMENOS
THE BANKING SOFTWARE COMPANY

YOUR
Temenos Community Forum (TCF)

Every year, Temenos organizes its annual global event called the Temenos Community Forum. Over 1,500 C-levels and senior executives from banks, partners, fintechs, investors, analysts and press globally come together to connect with peers, engage with our Partner ecosystem, learn about the industry trends, understand the Temenos solutions roadmap and challenges that other banks are facing today.

In its 23rd year, it has become one of the largest banking and financial conferences in the world.

After meeting virtually for the last 2 events, we are pleased to welcome our delegates for TCF 2022 at the ExCel Congress Center in London.

TEMENOS

PLATINUM SPONSORSHIP - USD $235,000*

DELIVER YOUR MESSAGE

Make sure your message is heard and seen on the main-stage in front of 1500 senior decision-makers!
As part of the sponsorship, your company will receive a **20-minute presentation** slot on the topic of your choice fitting with our theme.

Your company will also have a **30-minute breakout session** to present on the topic of your choice that fits our theme.
Use this opportunity to present your message in a more intimate format and with audience engagement.

TEMENOS ANNUAL SURVEY SPONSOR OR EQUIVALENT PROMINENT THOUGHT-LEADERSHIP PROMOTION

For the past fourteen years, Temenos has conducted a comprehensive banking survey, covering areas such as banks' IT priorities, their challenges around implementing a digital strategy, their view of the competitive environment and the upcoming trends in the industry. Because the questions posed are largely consistent from one year to the next, our survey tracks how trends and views have changed over time. Moreover, because the respondent sample is highly diverse, both in terms of types of banks and geographic locations, the results give a broad view of banking sentiment.

For this year's survey, you have the opportunity as **PLATINUM SPONSOR** to produce this report alongside Temenos.
The interviews are conducted over 2 days at the Temenos Community Forum (TCF 2022).

Be part of this exciting activity at TCF and watch it become a source of insightful information for the industry for the entire year to come through its expansive reach.

Temenos is partnering with Grow-Trees, a social enterprise that helps tackle the climate crisis, improve bio-diversity and provide employment for villagers in India. As a thank you to respondents, a tree will be planted for each response. The trees will be adopted by Temenos and eTree Certificates for each tree planted will be sent to the survey participants, to be able to monitor the progress of the adopted tree.
