Drive Progressive Banking Modernization

“We are modernizing our technology from back to front to give us the flexibility and agility of a neobank, while leveraging the scalability and long-term investment of an established institution with 148 years in banking. By leveraging the Temenos platform and the benefits of the cloud, we are attracting new customers and driving growth, ultimately improving our competitive advantage.”

Rod Finch, Chief Product & Transformation Officer, Bank of Queensland

Over 700 banks rely on Temenos’ seamlessly delivered, end-to-end, SaaS services to deliver better banking services faster, support the modernization of their landscapes, and introduce far-reaching efficiencies.
