eBLs Issued In 2022

"Since completing the integration of WaveBL with our legacy systems, we've diminished document transfer times from days to seconds and rapidly reduced our antiquated paper costs."

- Mr. Eyal Ben Amram, CIO, ZIM Line

"WaveBL is an intuitive and user-friendly platform, with a short learning curve that allows seeing the benefits of the eBL in a short time."

- Dario Nodusso

VP for South East Asia Interglobo

"WaveBL technology addresses a very urgent need and helps us streamline affected operations and ensure business continuity."

- Andre Simha,

Chief Digital Officer MSC

WaveBL Complies With Universal Processes and Regulations
