

## SOFTWARE LICENSE SCHEDULE

This Offering Schedule ("**Software License Schedule**") applies to Temenos Software licensed by Temenos to Client, and supplements and is incorporated by reference into the Enterprise Terms. Terms defined in the Enterprise Terms apply to this Software License Schedule.

### 1. Additional Definitions

1.1 The following terms apply to this Schedule unless the context requires otherwise:

**"Authorized Site(s)"** means the country/ies and locations of the data centers in which the Temenos Software is installed. The Authorized Sites are identified in the Order Form

**"Development"** means any development or modification to the Temenos Software, made by Temenos or a Temenos Affiliate at the Client's request.

**"Malicious Code"** means a virus, worm, time bomb, trojan horse, ransomware or other harmful or malicious code, file, script, agent, or program.

**"Software Fix"** has the meaning given in the Support Policy.

**"Temenos Software"** means Temenos software comprised of the computer program modules as preconfigured by Temenos in executable code, Temenos software interface modules and the Developments listed in the applicable Order Form. Temenos Software does not include a) stand-alone modules or subsystems or modifications developed by a party other than Temenos, or b) Client Materials, or c) Third Party Components.

**"Updates"** means, collectively, Software Fixes, Upgrades and Main Releases released by Temenos to Client.

**"Upgrade"** or **"Main Release"** has the meaning given in the Support Policy for Temenos Software.

**"Use"** means copying or loading any portion of the Temenos Software from storage units or media for the processing of data by the Temenos Software, or the operation of any procedure or machine instruction utilizing any portion of either the computer program or instructional material supplied with the Temenos Software, including by remote access. Use is strictly limited to the type of operations described in the Documentation solely to process the Client's own business and that of the Permitted Client Affiliates. Use specifically excludes any service bureau or time-share services to any third parties without prior written consent by Temenos and is contingent upon the payment by the Client of additional mutually agreed fees.

### 2. Provision of Software

2.1 Subject to the Client's compliance with the Agreement and payment of applicable Fees, Temenos shall deliver the Temenos Software and related Documentation to the Client.

2.2 **License to Use.** Temenos hereby grants to the Client a limited, non-exclusive, non-transferable (except as provided in Section 17.3 (Assignment) of the Enterprise Terms), license to Use the Temenos Software, including any Updates thereto, and the related Documentation during the Term to process the Client's own business and that of the Permitted Client Affiliates (if any).

2.3 **Back-up Copies.** The Client may hold and use a reasonable number of back-up copies of the Temenos Software for contingency and disaster recovery purposes, may periodically test such copies, and may make a copy of the Temenos Software and Documentation available to its third party contingency and disaster recovery support provider, provided that it has secured a confidentiality undertaking from such third party substantially equivalent to the terms set out in Section 14 (Confidentiality) of the Enterprise Terms. The Client shall reproduce and include Temenos' trademarks, copyrights, and other proprietary notices on all full or partial copies of the Temenos Software.

2.4 Except as permitted by Section 2.3, the Client shall not copy any portions of the Temenos Software. The original, and any copies of the Temenos Software, or any part thereof, any Developments, Updates, Software Fixes constitute Temenos IP and remain the exclusive property of Temenos.

### **3. Support Services**

- 3.1 Subject to the Client's compliance with the Agreement and payment of applicable Fees, Temenos shall provide the Client:
- (a) all Updates released by Temenos for production instances of the Temenos Software; and
  - (b) the Support Services set out in an Order Form in respect of the Authorized Site(s) for the Support Term in accordance with the Support Policy for Temenos Software available at: <https://www.temenos.com/legalcenter/> or any other website notified by Temenos to the Client from time to time.
- 3.2 The Client may change an Authorized Site to a different location within the same country by providing Temenos with fifteen (15) days' written notice. The Client may only transfer an Authorized Site to a country outside the original country, subject to Temenos' prior written consent.

### **4. Third-Party Components and Client Materials**

- 4.1 Third-Party Components are licensed to the Client on a non-exclusive, non-transferable and non-sub-licensable basis subject to terms and conditions and restrictions set out in the applicable Order Form, Product Specific Terms or separate third party terms and conditions.
- 4.2 Third-Party Components will be subject to the support policy of the Third-Party Component supplier, including any relevant support period. Where Temenos is providing Support Services, Temenos will endeavor to resolve any issues with the licensed Third Party Components(s), including by acting as the administration point and coordinating any response where escalation of the call to the third party supplier is necessary to obtain satisfactory resolution. Temenos makes no undertakings as to the service commitments of any third party supplier, including suppliers of any Third-Party Component.
- 4.3 Client is responsible for all Client Materials including, without limitation, for procuring any hardware and third party software in accordance with the applicable third party pre-requisites and requirements. Temenos will not be responsible for Temenos Software issues caused by Use of the Temenos Software with hardware and software that does not meet those requirements.

### **5. Warranties**

- 5.1 **Temenos Warranties.** Temenos warrants that:
- (a) the Temenos Software will materially perform the functions specified in the Documentation for a period of twelve (12) months from its delivery to the Client.
  - (b) Temenos will perform the Support Services materially in accordance with the Support Policy for Temenos Software available at <https://www.temenos.com/legalcenter/> or any other website notified by Temenos to the Client from time to time.
- 5.2 The Client shall notify Temenos of any claim under the warranties in Section 5.1 within ten (10) days of becoming aware of a breach of warranty. The Client's exclusive remedy and Temenos' entire liability for a breach of warranty shall be for Temenos to:
- (a) provide replacements or coding changes to any non-conforming part of the Temenos Software within a commercially reasonable period after receiving written notice of non-conformance; or
  - (b) re-perform the applicable Support Services at no additional charge.
- 5.3 Temenos will not be deemed to breach any warranty, and the foregoing remedies shall not apply, if the alleged breach has been caused by:
- (a) any use that is contrary to the Agreement or Documentation;
  - (b) any modification to the Temenos Software not performed by Temenos;
  - (c) the Client operating on a Main Release older than two (2) prior Main Releases; or
  - (d) Malicious Code introduced by the Client, Client Affiliate or a User.

### **6. Monitoring and Suspension**

- 6.1 **Compliance Monitoring.** For purposes of verifying the Client's compliance with the Agreement, including Fees payable, Client will monitor its use of the Temenos Software on an ongoing basis. Promptly following Temenos' request from time to time during the Term, the Client shall report and certify its then current monitored usage levels to Temenos. If Temenos provides any software usage monitoring reporting tools in relation to the Software, then the Client shall include in its aforementioned report the output file generated by such monitoring tool.
- 6.2 **Audit.** Temenos may audit the Client's use of Temenos Software at all reasonable times and with Client's reasonable assistance. Audits shall not unreasonably interfere with the Client's normal business operations. Each Party shall bear its own costs unless an audit identifies a breach of the Agreement, in which case the Client shall be liable for all costs. Client shall provide Temenos with full cooperation and assistance for the purpose of audits, including provision of access, information and documentation reasonably requested by Temenos.

- 6.3 The Client agrees to pay Temenos within thirty (30) days of submitting a usage report under Clause 6.1 or written notification from Temenos following an audit under Clause 6.2 any additional Fees applicable to its Use of the Temenos Software in excess of the license rights granted.
- 6.4 **Suspension of Support Services.** If any charge owing by the Client is thirty (30) days or more overdue, Temenos may, without limiting its other rights and remedies, suspend the Support Services until such amounts are paid in full.
- 7. Term & Termination**
- 7.1 The Term of the license for the Temenos Software shall be as set out in the Order Form, unless terminated earlier in accordance with the terms of the Agreement.
- 7.2 Upon expiration or termination of the Agreement, all rights of the Client to the Temenos Software (and any other materials provided by Temenos) will cease and the Client will immediately:
- (a) return to Temenos the Temenos Software together with all copies, Documentation and any other materials provided by Temenos; and
  - (b) purge all copies of the Temenos Software and other materials from its Authorized Site(s) and CPUs and from any storage device.
- 7.3 If an Agreement for Temenos Software and/or Support Services is terminated prior to the expiry of the Term by Temenos due to a material breach or non-compliance by the Client, non-payment of Fees or insolvency, all Fees due until the end of the Term shall be paid in full to Temenos by way of early termination fee and not penalty. Such payment shall not prohibit Temenos from claiming any other damages, costs, expenses or losses resulting from such early termination of the Agreement.
- 8. Escrow**
- 8.1 Temenos has concluded a multi-license escrow agreement with NCC Group Escrow Limited (the “**Escrow Agreement**”) under which the Temenos Software is deposited and which the Client may choose to join. If the Client opts to do so, it shall be responsible for the annual escrow fees payable to NCC Group Escrow Limited in accordance with the Escrow Agreement in place. The Client will then have access to the source code of the Temenos Software and Developments exclusively upon the realization of the release events stipulated in the Escrow Agreement.

This Schedule requires signature by both parties if it is not incorporated into the Enterprise Terms at the time of signature by the parties of the Enterprise Terms and shall become effective upon the latest date of signature.

## PRODUCT SPECIFIC TERMS (SOFTWARE LICENSE OFFERINGS)

The following additional Product Specific Terms will apply to the extent that the relevant Product or Software module or capability is specified in the applicable Order Form or if the Software Module/capability is included in the Temenos Offering and used by the Client, as specified in the applicable Documentation. These Product Specific Terms form part of the Agreement between Temenos and the Client and are referenced in the Enterprise Terms. These Product Specific Terms may be updated or modified from time to time by posting a revised version on the Temenos URL at <https://www.temenos.com/legalcenter/> or any other website notified by Temenos to the Client from time to time. The version of these Product Specific Terms that are valid at the time you enter into your Order Form are incorporated into the Agreement.

Any capitalized terms have the meaning set out in the Agreement unless otherwise defined below.

Products /Software Module/ capability	Product Specific Terms
<b>Temenos Digital Retail Servicing</b>  <b>Temenos Digital Business Servicing</b>  <b>Temenos Digital Wealth Servicing</b>  <b>Temenos Digital Retail Originations</b>  <b>Temenos Digital Business Originations</b>  <b>Digital Retail Enterprise Servicing</b>  <b>Digital Business and Corporate Enterprise Servicing</b>  <b>Fabric Visualizer</b>	<p><b>1. Digital Applications (formerly known as Infinity Applications)</b></p> <p>1.1 For the purpose of these Product Specific Terms:</p> <p>“<b>Client Application</b>” means a web or mobile software application developed in whole or part by or on behalf of the Client using the Digital Platform for use by Client’s customers and based on the Temenos Digital User Interfaces.</p> <p>“<b>Client Data</b>” means all data and information, text, sound, video, images, files or any other materials processed by the Client through a Client Application.</p> <p>“<b>End Users</b>” means end users of the Client Applications who may be potential or actual customers of Client, employees, contractors or agent of clients.</p> <p>“<b>Digital Platform</b>” means the Temenos platform software (formerly known as Quantum) which includes Fabric and Visualizer.</p> <p>“<b>Temenos Digital User Interfaces</b>” means digital software applications and/or micro-applications with common and selectable features or functionality provided by Temenos as reference/accelerator user interfaces for building Client Applications using the Digital Platform UI development software (Visualizer).</p> <p>1.2 Temenos grants to the Client a limited non-exclusive, royalty-free, non-transferable, non-sub-licensable license to use, produce and distribute Client Applications to the End Users of such Client Applications through the online store (e.g., Apple App store, Google Play) of the applicable mobile platform provider(s) in accordance with the requirements of such mobile platform providers for distribution of apps.</p> <p>1.3 The Client, not Temenos, controls the End Users whom it authorizes to use Client Applications through which End Users provide Client Data; therefore, the Client has the sole responsibility for ensuring that its collection of Client Data, its access to Client Data and storage of Client Data in the Client Application and its systems complies with all laws applicable to such activities, including (without limitation) data privacy and transfer laws.</p> <p>1.4 The Client is responsible for providing its own end user license terms and privacy policy applicable to use of any Client Applications containing the Temenos Software by its End Users. Such End User terms shall include at a minimum provisions that protect Temenos and its licensors’ proprietary rights in the Temenos Software and shall also prohibit the End User from: (i) copying the Client Application containing the Software; (ii) transferring the Temenos Software to a third party separately from the Client Application; (iii) modifying, decompiling, disassembling, reverse engineering or otherwise attempting to derive the source code of the Client Application; (iv) exporting the Client Application containing the Temenos Software in contravention of applicable US and foreign export laws and regulations; and (v) accessing the Temenos Software otherwise than through using the Client Application.</p> <p>1.5 The Temenos Digital User Interfaces are reference applications/accelerator user interfaces for the Client to use to develop its own Client Applications using the Digital Platform and are made available on an ‘as-is’ basis with no warranties of any kind. Temenos does not provide Support Services for the Temenos Digital User Interfaces or for Client Applications, except that Temenos may enhance Temenos Digital User Interfaces with new features and functions in software releases that it makes generally available. For the avoidance of doubt, Temenos does provide Support Services as set forth in the Support Policy for the underlying Temenos platform software elements including Fabric apps, original APIs, microservices, Spotlight and Assist.</p> <p>1.6 Temenos shall not be liable for any losses or damages arising from the misconfiguration or mismanagement of Client Applications by the Client, the Client Users or the End Users.</p>

Products /Software Module/ capability	Product Specific Terms
	<p><b>2. Digital Platform (Visualizer/Fabric)</b></p> <p>2.1 The Digital Platform may not be used to build applications other than Client Applications based on the licensed Temenos Digital User Interfaces unless the Client has expressly purchased the rights to use the Digital Platform for additional application development and subject to payment of the applicable fees for such development rights.</p> <p><b>2.2 Support for Mobile Device OS updates (iOS/Android)</b></p> <p>2.2.1 Temenos will use commercially reasonable efforts to provide updates of the Digital Platform to function with new releases of currently supported mobile device manufacturer's Operating Systems ("OS") as per the timelines below:</p> <ul style="list-style-type: none"> <li>(i) New releases of currently supported manufacturer's OS or software development kit ("SDK") - within 30 business days from General Availability ("GA") release by the manufacturer to the developer community or the next GA release of the Digital Platform, whichever is later. The Client must update new GA plugins made available by Temenos to: a) take advantage of the new features or enhancements in the Digital Platform current feature set; and b) overcome any backward compatibility issues with the newer versions (major, minor) of currently supported OSs or SDKs. New GA plug-ins may require testing to ensure the Client Application is optimized on/for the new OSs and SDK. In case there are any backward compatibility issues identified by Temenos on the new platform GA version, this will be communicated through release notes and necessary build scripts will be provided with the platform plug-in, where applicable.</li> <li>(ii) New versions of currently supported mobile browsers or new form factors for devices using the currently supported OS and mobile browser - within 30 business days from GA release by the manufacturer to the developer community or next GA release of Digital Platform, whichever is later. The Client must implement new GA plug-ins to take advantage of the new releases of currently supported browsers or new form factors. New GA plugins may require testing to ensure the Client mobile application is optimized on/for the new browser. In case there are any backward compatibility issues identified by Temenos on a new platform GA version, they will be communicated through release notes and necessary build scripts provided with the platform plug-in, where applicable.</li> </ul> <p>2.2.2 Temenos will use commercially reasonable efforts to provide updates to the Digital Platform in a new GA release, to function with net new OS within 90 business days from GA release of the new OS to the developer community, subject to Temenos' determination that the net new OS is commercially viable to support. Net new OS GA releases are assumed to ensure forward compatibility, in the sense that mobile applications developed on previous versions of OS are fully compatible with the new OS and not necessarily supporting the new features released with the new OS. Clients must implement new GA plugins to overcome any backward compatibility issues with the new OS versions or take advantage of the new OS features. New GA plugins may require testing to ensure the Client Application is optimized on/for the new OS. In case there are any backward compatibility issues identified by Temenos with the new platform GA version, they will be communicated through release notes and necessary build scripts will be provided with the platform plug-in, where applicable. Temenos reserves the right to support new OS / browsers / devices at its sole discretion.</p>
<p><b>Journey Manager</b></p> <p><b>Journey Analytics</b></p> <p><b>Temenos Digital Retail Originations</b></p> <p><b>Temenos Digital Business Originations</b></p>	<p><b>3. Onboarding Analytics / Journey Analytics</b></p> <p>3.1 For the purpose of these Product Specific Terms:</p> <p><b>"Onboarding Application"</b> means an electronic application form created and/or used with the Temenos Software with capabilities beyond those of a traditional paper form, such as electronic completion, dynamic sections, database calls, and electronic submission.</p> <p><b>"Anonymous Metadata"</b> means data relating to the completion of Onboarding Application by Client's End Users which, at the time of collection and onward, does not relate to any individual who is identified or reasonably identifiable from the data.</p> <p><b>"End User"</b> means a person who is a potential or actual customer of the Client, whom the Client allows, as applicable, to: (i) use the Onboarding Applications; and/or (ii) remotely access</p>

Products /Software Module/ capability	Product Specific Terms
	<p>the Temenos Software: in both cases in the course of the Client supplying or offering to supply its products, goods or services to such person.</p> <p>3.2 The Temenos Software may include the ability to generate Anonymous Metadata and, if so, Temenos may collect and use the Anonymous Metadata for the purposes of analytics (including Onboarding Application completion metrics and trends), market and client demographic analysis, for the purposes of performing obligations or exercising rights under the Agreement, and other purposes as Temenos may determine from time to time. Temenos shall own all right, title, and interest in and to the Anonymous Metadata, and Client shall have a limited, non-exclusive, royalty-free, non-transferable, worldwide license to view and use the Anonymous Metadata for its internal business purposes for the Term.</p> <p>3.3 Temenos may discontinue the analytics feature and in such event will provide advance written notice to the Client of its plans to do so.</p>
<b>Journey Manager</b>	<p><b>4. Journey Manager Application Forms</b></p> <p>4.1 For the purpose of these Product Specific Terms:</p> <p>“<b>Journey Application</b>” means an application or form developed by or on behalf of Client using the Journey Manager platform software.</p> <p>4.2 Temenos may provide templates as part of the Journey Manager platform form authoring tools and/or ‘Springboard solutions’. These are provided as accelerators/templates for Client to create its own Journey Applications. Temenos does not provide Support Services for Client’s Journey Applications.</p>
<b>Transact User Agent</b> <b>Wealth User Agent</b> <b>Temenos Payments Hub User Agent</b> <b>Temenos Explorer</b>	<p><b>5. Temenos User Agents</b></p> <p>5.1 Temenos User Agents built on the Temenos Explorer framework are provided for use with the Temenos Software only. The Client may customize Temenos User Agents provided that Temenos does not provide support for any modifications or derivative works based on Temenos Explorer Framework or Temenos User Agents.</p> <p>5.2 The Unified User Experience (“<b>UUX</b>”) chart component included in Temenos Explorer uses the HighCharts library, which is proprietary software of Highsoft AS. UUX charts included in a Temenos User Agent may be used only in the form originally provided by Temenos. The Client shall not alter any UUX charts included in a Temenos User Agent or create new charts without first purchasing a separate license from Highsoft AS. Please refer to the Temenos Explorer Framework and UUX documentation at <a href="https://developer.temenos.com">https://developer.temenos.com</a> for further details.</p>
<b>Temenos Digital Originations Foundation</b> <b>Temenos Digital Retail Originations</b> <b>Temenos Digital Business Originations</b>	<p><b>6. Red Hat Software License and Support Terms</b></p> <p>6.1 The Client’s use of the Red Hat process automation software (“<b>Red Hat Software</b>”) is governed solely by the <a href="#">Red Hat End User License Agreement</a> (“<b>EULA</b>”), which may be updated from time to time by Red Hat and published on its website at <a href="https://www.RedHat.com/en/about/agreements#jboss">https://www.RedHat.com/en/about/agreements#jboss</a>. For future updated versions or releases of the Temenos Digital Originations software (formerly known as Infinity), <a href="#">the EULA governing the Red Hat Software may be</a> replaced by Red Hat’s parent company, IBM Corporation (“<b>IBM</b>”) and Temenos will provide details of the applicable end user license terms in a revised version of these Product Specific Terms posted on the Temenos URL. The Red Hat Software is provided as an embedded module together with the Temenos Digital Originations software under a Red Hat subscription program and may only be used as part of the Temenos Digital Originations software and not for any other purposes. Red Hat subscriptions levels are as follows, based on the following four environments: (1) Production; (2) Disaster Recovery - Premium level support; (3) Testing/Development; and (4) Pre-Production - Standard level support.</p> <p>6.2 Temenos agrees to provide Support Services for the Red Hat Software, subject to payment by the Client to Temenos of the Annual Support Fees or Subscription Fees (as applicable) due under this Agreement. Support Services for the Red Hat Software are also subject to <a href="#">Red Hat’s</a></p>

Products /Software Module/ capability	Product Specific Terms
	<p><a href="#">service levels</a> and to use of the Red Hat Software on the hardware and platform configurations supported by Red Hat, as set out in its product documentation at <a href="https://access.redhat.com/articles/3405381">https://access.redhat.com/articles/3405381</a> or in successor product documentation of IBM. The Temenos Service Desk will act as the administration point, responsible for escalating the service call and coordinating any response and the Client agrees not to access Support Services directly from Red Hat. The Client acknowledges and agrees that it remains responsible for first line technical support in relation to the Red Hat Software.</p> <p>6.3 Support is subject to Red Hat's support policies in effect at the time the services are provided including but not limited to the Red Hat life cycle policies at <a href="https://access.redhat.com/support/policy/update_policies">https://access.redhat.com/support/policy/update_policies</a>. The Red Hat support policies and service levels, incorporated in this Order Form, are subject to change at Red Hat's or IBM's discretion. The Client may access the current version of the technical support policies, service levels and information on supported configurations at <a href="https://www.temenos.com/legal-information/third-party-component-third-party-licensors-support-policies/">https://www.temenos.com/legal-information/third-party-component-third-party-licensors-support-policies/</a></p> <p>6.4 No third party claims/indemnification provisions of the Agreement shall apply to the Red Hat Software and the following shall apply: Subscriptions entitle the Client to participate in Red Hat's Open Source Assurance Program ("<b>OSA</b>"), which is currently described at <a href="http://www.redhat.com/rhel/details/assurance/">http://www.redhat.com/rhel/details/assurance/</a> and provides certain protections in the event of a third party infringement claim subject to Client compliance with the terms of the OSA.</p> <p>6.5 Temenos represents and warrants that it will provide the Support Services for the Red Hat Software in a professional and workmanlike manner. Except as set forth in this section, to the maximum extent permitted by applicable law, the Red Hat software and the support services are provided "as-is" and without warranties or conditions of any kind, including implied warranties of merchantability, non-infringement and fitness for a particular purpose.</p> <p>6.6 The Client acknowledges that Temenos is required to report on subscriptions under the Red Hat program and agrees to the reporting of Client's corporate name and address to Red Hat and/or IBM.</p> <p>6.7 Nothing in the Agreement and in particular within section 6.8 below shall exclude or limit liability: (i) for fraud; or (ii) that is not permissible under applicable law.</p> <p>6.8 Neither Party shall have any liability in connection with its obligations in connection with the Red Hat Software under this Agreement or at common law, whether in tort or in contract and even if it has been advised of the possibility of such damages, for: special, indirect, consequential, incidental damages, damages (whether direct or indirect) for business interruption, loss of goodwill, loss of revenue, loss of data, loss of data use, loss of profits or loss of opportunity. Each Party's liability for all claims arising out of causes of action (whether in contract, tort or otherwise) under the Agreement for or in connection with the Red Hat Software shall not exceed: (i) in the case of a term license agreement, the support fees paid by Client to Temenos under the applicable Order Form in the twelve (12) months period preceding the date upon which the first cause of action arose or (ii) in the case of a subscription license agreement, 25% of the annual Subscription Fees paid by Client to Temenos under the applicable Order Form in the twelve (12) months period preceding the date upon which the first cause of action arose. For the avoidance of doubt, each Party's aggregate liability for all claims under the Agreement remains subject to the overall aggregate liability cap under the Agreement.</p> <p>6.9 The terms set forth herein and the EULA shall supersede and prevail over any conflicting terms of the Enterprise Terms and the Software License Offering Schedule with respect to the Red Hat Software.</p> <p>6.10 This clause 6 of the Product Specific Terms may be modified in respect of updated versions or future releases of the Temenos Software and the modifications shall apply from when Client uses such updated version or future release of the Temenos Software.</p>

Products /Software Module/ capability	Product Specific Terms
	<p>6.11 Upon reasonable notice, Temenos may provide a substitute component to the Red Hat Software with equivalent or substantially similar functionality to the original Red Hat Software.</p> <p>The terms and conditions relating to such substitute component shall be provided to the Client in advance and such terms and conditions for the new components shall not materially reduce the scope of the license and rights granted to the Client.</p> <p>6.12 If the on-going provision of the Support Services of the Red Hat Software is no longer possible on commercially reasonable terms to Temenos and the Client refuses to accept the provision of a component with equivalent or substantially similar functionality, Temenos may discontinue and terminate the Support Services under this Agreement with respect to Red Hat and shall refund to the Client any prepaid unused fees paid to Temenos in respect of support for the Red Hat Software.</p>
<p><b>AI Services</b></p> <p><b>XAI Platform and XAI Models</b></p>	<p><b>7. XAI Terms</b></p> <p>7.1 For the purpose of these Product Specific Terms:</p> <p>“<b>AI Solutions</b>” means the XAI Platform and XAI Models as specified in an Order Form and any other Temenos artificial intelligence solutions (including all models and algorithms) provided as part of the Temenos Software.</p> <p>“<b>Client Data</b>” means all data and information, including all text, sound, video, image files, software and any other data or materials that are submitted by or on behalf of Client to the AI Solutions.</p> <p>“<b>Client User</b>” means an employee, contractor or agent whom the Client authorizes to use the AI Solutions.</p> <p>“<b>Model</b>” means any model including artificial intelligence models generated or used by the AI Solution and which maps data inputs to a given prediction or assessment.</p> <p>“<b>Personal Data</b>” means information related to identified or identifiable natural persons or as otherwise defined under applicable law.</p> <p><b>7.2 Intellectual Property.</b></p> <p>The Client recognizes and agrees that the Intellectual Property Rights in any Models, algorithms and other outputs created by or using the AI Solutions and all enhancements and modifications, extensions, customizations, upgrades, and derivative works of any of the foregoing are the exclusive Intellectual Property Rights of the Temenos group of companies and are to be considered by the Client as strictly confidential.</p> <p><b>7.3 Client Obligations in relation to AI Solutions.</b></p> <p>If the Client, any Client User, or any End User provides Client Data as an input to any AI Solutions: (i) the Client shall be solely responsible for the quality of such Client Data (whether such Client Data is sourced from the Client, its end customers, or third parties), and for monitoring the outputs provided by the AI Solutions to ensure that the algorithms are not creating any negative patterns or results not expected or intended from use of the AI Solutions; and (ii) to the extent that negative patterns or results are identified by the Client, the Client shall report the same to Temenos as soon as possible and the Client shall work with Temenos to adjust such Client Data or alter such algorithms, in order to mitigate any future negative patterns or results being created by the AI Solutions and the Client shall bear all costs associated with adjusting such Client Data or altering the algorithms.</p> <p><b>7.4 Acknowledgment.</b></p> <p>Temenos makes no representations and provides no warranties, whether express, implied, statutory or otherwise that the AI Solutions will provide information or outputs that will be accurate, reliable or actionable in all respects. The Client acknowledges that it shall be responsible for all actions that the Client, any Client User, or any of its End Users, takes in</p>

Products /Software Module/ capability	Product Specific Terms
	<p>response to information or output provided by the AI Solutions and Temenos shall have no responsibility for such actions. Without prejudice to the foregoing, the Client, on behalf of itself, any Client User, and its End Users, acknowledges that no decision that they make is, or should be, based solely on the output of such software. The Client, Client User and any End User shall be fully liable for any decisions made based on their use of the AI Solutions and to the fullest extent permitted by law, Temenos excludes all liability in relation to decisions made by the Client, Client Users and any End User as a result of their use of, or outputs from, any AI Solutions.</p> <p><b>7.5 Personal Data.</b></p> <p>To the extent that any data or information (including Client Data) is provided by the Client to Temenos for the purposes of Temenos building, developing and/or training models, algorithms and/or machine learning in relation to AI Solutions, the Client shall ensure that any such data or information does not include personal data and is anonymized to the standard required under applicable data privacy and security laws.</p>
<b>Temenos Advanced Collections / CWX</b>	<p><b>8. CWX/Advanced Collections Terms</b></p> <p>8.1 For the purpose of these Product Specific Terms:</p> <p><b>“Minimum System Requirements”</b> means the type and minimum levels of third party hardware, software and communications specified by Temenos.</p> <p>8.2 The computer systems used by the Client to install and/or access Temenos Advanced Collections and Recovery must meet the Minimum System Requirements, which are required to enable Temenos Advanced Collections to function in accordance with the Documentation. The Client acknowledges and agrees that Temenos does not supply any of the computer systems listed in the Minimum System Requirements.</p> <p>8.3 Temenos may update the list of Minimum System Requirements from time to time by amending the Documentation on the Client Portal.</p> <p>8.4 The Client is solely responsible for selecting and installing Temenos Advanced Collections on systems which meet the Minimum System Requirements, operating and maintaining such systems, and keeping such systems are up to date with any changes to the Minimum System Requirements.</p> <p>8.5 Temenos Advanced Collections may be used on equipment other than the those that meet the Minimum System Requirements if:</p> <p>8.5.1 the production equipment is temporarily inoperable; or</p> <p>8.5.2 Temenos gives its prior written consent to the use of Temenos Advanced Collections on systems that do not meet the Minimum System Requirements,</p> <p>however Temenos does not warrant that Temenos Advanced Collections will perform the functions specified in the Documentation on such systems.</p> <p>8.6 Temenos will have no obligation to provide Support Services to the Client in relation to problems arising because the Client is operating Temenos Advanced Collections on systems which do not meet the Minimum System Requirements.</p> <p>8.7 For the avoidance of doubt, the Client is prohibited from sublicensing or onward distribution of the Temenos Advanced Collections Software.</p> <p><b>8.8 Third-Party Components.</b></p> <p>Client may use Third-Party Components only in conjunction with, as part of, and through Temenos Advanced Collections and in accordance with the Agreement. Client may not install, access, configure or use any Third-Party Components (including any APIs, tools, databases or other aspects any Third-Party Components) separately or independently of the rest of the Temenos Advanced Collections, whether for production, technical support or any other</p>

	<p>purposes, or otherwise attempt to gain direct access to any portions of the Third-Party Components, or permit anyone else (including any of the Client's customers) to do any of these things.</p> <p><b>8.9 Non-Sublicensable components and products.</b></p> <p>From time-to-time, components and products may be used in Temenos Advanced Collections whereby the licensor prevents Temenos from redistributing or sub-licensing those components and products, or prevents Temenos from granting the Client a right to further distribute or sub-license those components and products. Where applicable, Temenos will identify such relevant components and products, and the applicable licensors, and the Client must then obtain its own individual license(s) for the components and products ("<b>TPC License</b>"). Where this is the case, the rights granted under these Product Specific Terms are entirely conditional upon and subject to entry into, and the ongoing validity of the TPC License. If the Client ceases to have the necessary license to Use such components and products, as a result of expiration or termination of the TPC License or otherwise, the license to Use Temenos Advanced Collections, as provided under the Agreement, shall immediately cease.</p>
