Drive **Progressive** Banking Modernization

We are **modernizing** our technology from **back to front** to give us the flexibility and agility of a neobank, while leveraging the scalability and longterm investment of an established institution with 148 years in banking. By leveraging the **Temenos platform and the benefits of the cloud**, we are attracting new customers and driving growth, ultimately improving our competitive advantage."

Rod Finch,
Chief Product & Transformation Officer,
Bank of Queensland

Banks around the globe rely on Temenos' seamlessly delivered, **end-to-end**, SaaS services to deliver **better** banking services **faster**, support the **modernization** of their landscapes, and introduce farreaching **efficiencies**.

Understand how it's done on Temenos SaaS

Temenos SaaS

The trusted SaaS for banks around the globe

Learn how **Temenos SaaS** helps to deliver transformative banking services **fast, secure** and **compliant**.

Move fast with Temenos SaaS

With the introduction of a savings feature to its PC Money™, Account holders already save on banking fees and earn points linked to PC Optimum™, a popular loyalty reward program with more than 16 million active members. PC Financial recently deployed Temenos core banking on SaaS in just 6 months to achieve fast time to market for its first interest-bearing offering.

TYPE II
CERTIFIED

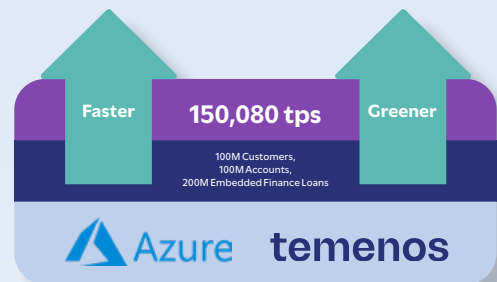

TYPE II
CERTIFIED

The Temenos SaaS lives up to the highest standards around globe for cloud computing and is proven under 30+ regulators.

Maximum scalability, minimal cloud footprint

The 2025 Temenos benchmark on Azure demonstrates record scalability on **demand, peak performance and availability**, while meeting the growing demand for AI-powered services.

Rely on public cloud hyperscaler infrastructure providing extensive resilience and security from Azure or AWS.

Crucially, Temenos SaaS offers us mature security and high availability capabilities, giving us the peace of mind that our organization and our customers are always protected'
