## Advisory Services

Temenos Advisory Services empower retail banks to navigate transformation with clarity, confidence, and strategic insight. Whether you're planning a new implementation, optimizing existing modules, or expanding digital capabilities, our experts provide tailored guidance aligned with your business objectives.

We help you unlock the full value of Temenos by advising on architecture, integration, regulatory compliance, and customer experience design. With a deep understanding of retail banking challenges and opportunities, we ensure your Temenos journey is future-ready—driving operational efficiency, accelerating innovation, and enhancing customer engagement across every channel.

### Architecture Advisory Services

We provide expert **technical and architectural guidance and review**, grounded in industry good practices and proven principles of architectural design.

This service provides you with the confidence that your solution is scalable, resilient, and aligned with strategic objectives.

### Extensibility Advisory Services

Designed to support partners and clients in implementing customizations using the **Temenos Extensibility Framework**.

Includes a Feasibility Assessment, proposed extensions as well as a **review and validation** of your existing extensions.

Ensures that your customizations are aligned with good practices, maintain system integrity, and support long-term scalability.

### SaaS Readiness Assessment

Provides a clear and structured view of the approach for migrating core banking services to **Temenos SaaS**.

This assessment includes a comprehensive review of key areas such as **architecture, security, and regulatory compliance**, along with strategic discussions on **data migration** to the SaaS environment.
