Deployment Services

Our deployment services deliver secure, scalable, and high-performing banking solutions that meet the demands of modern financial institutions. Whether you're implementing Temenos Core Banking, Digital Banking, or integrating with third-party systems, we ensure a smooth and efficient deployment process tailored to your operational goals.

With deep expertise in Temenos architecture and best practices, we minimize risk, optimize performance, and accelerate time-to-value—so your teams can focus on delivering exceptional customer experiences.

From environment setup to post-deployment support, we partner with you every step of the way to ensure your Temenos platform is ready to drive innovation and growth.

Deployment Services

We offer a comprehensive Installation and Deployment Services package tailored to both cloud and on-premises solutions.

This service is designed to accelerate implementation timelines, reduce complexity, and ensure your systems are set up for long-term success.

Project Support Services

Designed to provide dedicated assistance throughout critical phases of your implementation journey.

These services are delivered by us before System Integration Testing, until you have completed your go-live, providing timely issue handling and smooth project progression.

Temenos Data Hub Implementation Service

Helps you adopt and integrate TDH into your existing core deployment.

Provides our expertise and guidance in all aspects of TDH including architecture, integration and verifying the health of your existing core solution.

This ensures a smooth deployment, optimized performance, and readiness for data-driven operations.

Benefits

Our Deployment Services help you:

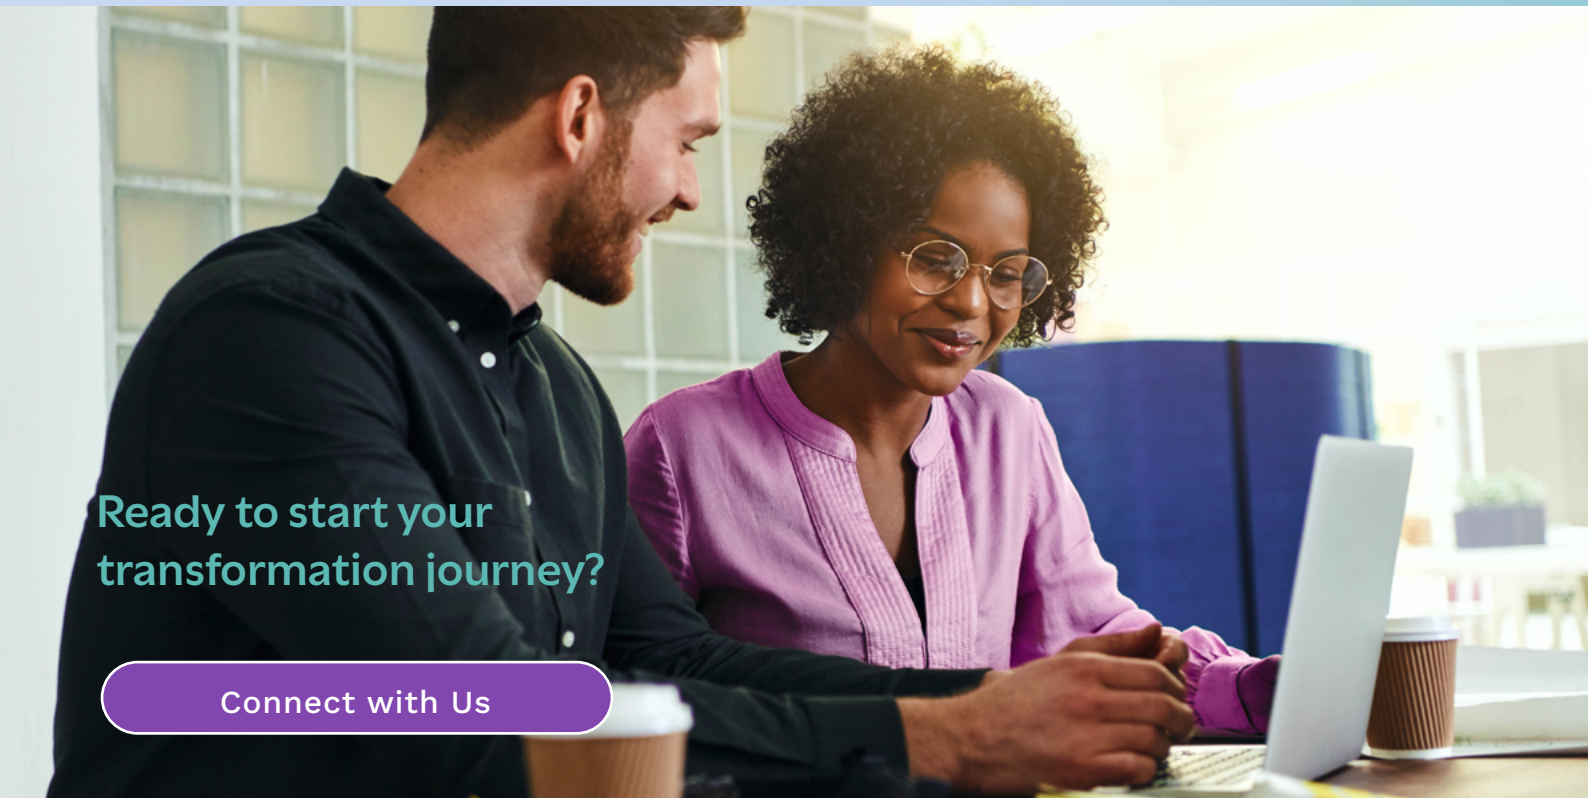

- Accelerate time-to-value with smooth, tailored implementation of Temenos Core, Digital, and integrations.
- Minimize risk and optimize performance through deep expertise in Temenos architecture and best practices.
- Enable innovation and growth by ensuring a secure, scalable platform ready for exceptional customer experiences.

Together with our partners, we have delivered hundreds of core banking implementations globally in recent years —serving banks of all sizes and segments.

With proven deployment and advisory expertise, we help banks accelerate transformation, reduce risk, and unlock full value from Temenos Core, Temenos Digital and auxiliary functionality.

With our services, we empower financial institutions to innovate faster, operate smarter, and deliver exceptional customer experiences across every channel.
