Project Management Services

Project Management Services provide a structured and standardized approach to planning, coordinating, and controlling Temenos engagements.

Delivered alongside other Temenos services, they ensure alignment between teams, clear communication, and effective management of scope, timelines, and risks.

From engagement initiation through delivery and closure, this service helps you maintain control, improve coordination across stakeholders, and drive successful outcomes—ensuring your transformation is delivered efficiently and in line with expectations.

Engagement Project Management ensures your Temenos engagement is effectively planned, coordinated, and controlled—aligning stakeholders, managing scope and risks, and enabling consistent, successful delivery outcomes.

Engagement Planning and Control

Comprehensive planning of activities, resources, and timelines across the Temenos engagement. Enables structured execution, accurate effort estimation, and clear alignment with overall project objectives and program context.

Stakeholder Coordination and Governance

Central coordination between client, Temenos teams, and wider stakeholders. Ensures effective communication, clear accountability, and alignment across all parties involved in the engagement.

Structured Delivery Oversight

Ongoing monitoring, reporting, and control of engagement progress, risks, and scope. Enables proactive issue management, supports informed decision-making, and ensures delivery remains on track from initiation through closure.

Benefits

Maintain control and visibility with structured planning, monitoring, and reporting across the engagement.

Improve coordination and alignment between client, Temenos teams, and stakeholders.

Reduce delivery risk through proactive governance, scope management, and expert oversight.
